About Us

Established more than 40 years, Northern Power Tools has built a solid reputation as a reliable supplier and stockist of hand and powered equipment to Trade and Industry.

This one impressive site contains four warehouses, workshop / service, showroom, welding department, pneumatics, even vibration and P.A.T. testing.

Opening Times

Sales - Hire - Service - Trade Counter

Monday to Friday
08:00 to 17:00

Accounts

Monday to Friday
08:00 to 15:00

Lubrication, Oils & Cutting Aids

Tel: 0114 244 1064

Moly MWS Spray 400ml

Code:
MWS

A concentrated neat cutting fluid containing a unique oil-soluble molybdenum compound together with extreme pressure anti-weld additives. Aerosol version of MWF for ease of application - Particularly effective on stainless steel and light alloys, which are prone to surface welding or pick-up on the tool.

For Use On Metal.
Applications: Cutting
Features: Broaching and Tapping
Size: 400ml

Moly MWF Fluid

Code:
MWF

Metal Working Fluid High performance, concentrated metal working fluid containing a unique oil-soluble molybdenum compound with extreme pressure anti-weld additives.

Lubricates, reduces friction, heat and distortion of the work.

For Use On Metal
Applications Broaching
Size: MWF350 - 350 ml / MWF5L - 5 Litre

Moly MCC Compound

Code:
MCC

Low melt point metal working compound for use with all metals.

For tapping, drilling, threading, sawing, reaming, broaching, drawing, pressing, extruding, forging and forming.

Based on extreme pressure additives fortified with MoS₂ to provide excellent extreme pressure performance and lubricity. Improves cutting performance, providing a better surface finish.

Size: MCC450 - 450g / MCC3KG - 3kg

MolySlip Copaslip 450g

Code:
MOLYCOPA500

Molyslip 13005. Copaslip® is an anti-seize compound specially formulated to protect against seizure even in extreme conditions of temperature and pressure.

It also protects against rust, oxidation and other corrosion.

Copaslip® consists of micro-sized particles of copper in a semi-synthetic base.

To these basic anti-seize ingredients are added highly effective oxidation and corrosion inhibitors.

Penetrating Oil Aerosol

Code:
PEN-OIL

360° multi angle spray. Provides protection with an anti-corrosive coating and helps prevent re-seizure.

Lubrication, Oils & Cutting Aids

Tel: 0114 244 1064

Brake & Clutch Cleaner Aerosol*

Code:
BRAKE

Powerful cleaning and degreasing of mechanical parts. Contains fast evaporating solvents that effectively remove dirt, brake fluid, grease and eliminates dust.

Restores the friction of brake and clutch lining material and leaves no residue. For use on brake disks and pads, springs, cylinders and clutch parts.

*Also available in 5 and 25 Litre containers

Silicone Aerosol

Code:
SILICONE

Highly efficient release agent suitable for use in a wide variety of industries and domestic applications.

Used in the food production machinery where incidental food contact may occur.

Provides a protective film to inhibit the build-up of dust and repel water on equipment and moving parts.

Gear & Wire Rope Lubricant Aerosol

Code:
OPENGEAR

Wire rope lubricant deep penetration into heavy duty gears, chains and wire ropes to give effective lubrication.

Improves the durability of working parts to give a long-lasting protective coating.

Moisture resistant formula reduces wear and corrosion.

Graffiti Remover Aerosol

Code:
GRAFFITI

Removes unsightly marks caused by spray paints, crayons, pens and felt-tip.

Suitable for metal surfaces, brickwork, glass and tiles.

Sprays to a gel texture that is then rubbed into the area for removal making it suitable for vertical surfaces.

Belt Dressing Aerosol

Code:
BELTDRESSING

Belt dressing for increasing belt torque, pull power and stopping slips.

Suitable for all types of belt including rubber, leather and fabric.

Lubrication, Oils & Cutting Aids

Tel: 0114 244 1064

Anti Seize Aerosol

Code:
COPPERLUBE

High temperature lubricant for threaded connections of pipes, flanges and threaded fasteners subjected to high temperature and corrosive environments.

Solvent Cleaner Aerosol

Code:
CENTRON

Solvent contact cleaner effective degreaser and cleaning agent.

Dries rapidly leaving no residue.

Suitable for electronic components and sensitive equipment.

Removes light oils and contamination safely on PCB's, relays, all electrical contacts, switches and more.

Chain Lubricant Aerosol

Code:
PROLUBE

High quality non-fling formula chain and drive spray.

Strong adhesive properties for high speed and high stress applications. Ensures excellent lubrication and deep penetration.

Highly recommended for fork lifts, drag cables and heavy plant

Stainless Steel Cleaner Aerosol

Code:
SSC

Stainless Steel Cleaner formulated with a special blend of cleaning and polishing agents that help leave the surface protected with a temporary film to prevent adhesion of food and grease splatter.

Polishes away smudges and fingerprints for a clean finish.

Leak Detector Aerosol

Code:
LEAKDETECTOR

Non-Flammable formulation will indicate potentially dangerous and costly gas leaks.

Ideal for all gas or air pressure fittings, joints and pipe work for safe detection of even the smallest leak.

Free of solvents and is non-caustic. Contains a rust inhibitor.

northern
POWER TOOLS

Pocket Rocket

- high specification penetrating moisture repellent
- suitable for 100's of applications
- special blend of water dispersing agents
- corrosion inhibitors instantly displaces water leaving a light silicone free protective film
- lubricates moving parts such as hinges, wheels, chains and gears
- penetrates through dust, dirt and rust to release locked parts such as nuts and bolts
- advanced formula containing PTFE

Available in

- 400ml aerosol
- 5 Litre Container with Sprayer
- 25 Litre Container

Lubrication, Oils & Cutting Aids

Tel: 0114 244 1064

Red Lithium Complex Grease 400g Tube

Code:
GCART

Red lithium complex grease cartridge a specially develop multi purpose lithium grease for lubricating all anti-friction and plain bearings for use in industrial and automotive applications.

Gives exceptional performance providing extended lubrication intervals over a wide operating temperature range of -20C to 150C.

Lithium EP2 Grease

Code:
EP23KG

A premium quality multi-purpose grease for use in all anti-friction and plain bearings subjected to high load conditions.

Used extensively for applications throughout industry and the automotive sector and centralised lubricating systems where pumping over long distances is required. 3 KG

*Also available 12.5 KG

White Grease With PTFE Aerosol

Code:
WG10

Contains PTFE to lengthen lubrication. Can be used in anti-friction plain bearings and pumping equipment where the ingress of water has reduced lubrication effectiveness.

Ideal for brake linkages, cables, hinges and springs.

Extends the life of lubricated parts even when exposed to high pressure, impact or vibratory stresses.

Exhibits excellent lubricating and corrosion protection

White Food Grade Grease 400g Tube

Code:
FOODGREASE

H1 approved food safe grease complies with E.C Regulations.

Contains anti-wear, anti-oxidant, corrosion inhibitor and polymer additives.

Provides great lubrication of bearings in machinery used for food production.

White food grease has a high degree of water resistance. FDA and USDA approved ingredients

White Food Grade Grease 12.5Kg

Code:
WFG125KG

A premium quality, water resistant, Calcium grease for use in food processing environments where incidental food contact may occur.

Designed for applications where frequent wash-down of plant is essential.

White food safe grease is suitable for plain and anti-friction bearings. Size:12.5kg

	Side Lever Grease Gun 500cc	Code: GGUN
	Side Lever Grease Gun 500cc	

	Milwaukee Cordless 18v Grease Gun	Code: M18GG-0
	Best in class run time - dispenses up to 7 cartridges per charge. Superior handle balance and ergonomics - only 355 mm long and 3.9 kg. Three way loading - bulk, cartridge and suction capable	

	Flexible Grease Delivery Hose	Code: GFLEXI
	Flexible Grease Delivery Hose	

	Grease Connector 4 Jaw	Code: G4JAW
	Grease Connector 4 Jaw	

We Can Supply a Large Range of Grease Nipples

Lubrication, Oils & Cutting Aids

Tel: 0114 244 1064

Soluble Oil

Code:
AQUANP

MIRACOOOL NP can be used on most general purpose machining applications.

AQUANP5L - 5 Litre

AQUANP20L - 20Ltr

Neat Thread Cutting Oil

Code:
J125L

J12 Neat Cutting Oil 5Ltr

Air Line Oil

Code:
AIROIL1L

Airline Oil 1Ltr

Hydraulic H46 Oil / Compressor Oil

Code:
HYD46

Hydraulic Oils are full anti-wear hydraulic fluids designed and developed to be used in industrial power transmission and control systems

HYD465L - 5Ltr

HYD4620L - 20Ltr

OTHER GRADES OF ENGINE, COMPRESSOR, GEAR OILS AVAILABLE TO ORDER

Tel: 0114 244 1064

	Spill Kit	Code: OSK30BP
	An ideal quick response solution for laboratories, stores, warehouses and vehicles and perfect for containing small spills. The transparent carry bag will help you to keep track of its contents	

	Spill Dri Granules 20 Ltrs	Code: SPILLDRI
	LG16 Superwhite Multizorb is an excellent general-purpose hard clay absorbent granule for use in industrial applications. It is low-dusting, resistant to crushing and leaves surfaces clean and dry after use.	

	Absorbent Pads Pk 100	Code: 1300
	A-Sorb Absorbents are fast and easy to use. Cost effective in comparison to traditional products such as granules. Highly versatile in use with trouble-free disposal that enables compliance with Health and Safety Regulations. Hassle-free handling and storage mean shortened spillage down time. Colour coded for easy identification. Offers a cleaner solution for spills than conventional methods and trouble-free. (Grey) General Purpose is ideal for all industrial liquids including water and oil based, and cutting fluid, coolant and hydrocarbons.	

	Absorbent Socks Pk 10	Code: 1310
	A-Sorb Absorbents are fast and easy to use. Cost effective in comparison to traditional products such as granules. Highly versatile in use with trouble-free disposal that enables compliance with Health and Safety Regulations. Hassle-free handling and storage mean shortened spillage down time. Colour coded for easy identification. Offers a cleaner solution for spills than conventional methods and trouble-free. (Grey) General Purpose is ideal for all industrial liquids including water and oil based, and cutting fluid, coolant and hydrocarbons.	

	Absorbent Roll - 46 Metre	Code: 1330
	A-Sorb Absorbents are fast and easy to use. Cost effective in comparison to traditional products such as granules. Highly versatile in use with trouble-free disposal that enables compliance with Health and Safety Regulations. Hassle-free handling and storage mean shortened spillage down time. Colour coded for easy identification. Offers a cleaner solution for spills than conventional methods and trouble-free. (Grey) General Purpose is ideal for all industrial liquids including water and oil based, and cutting fluid, coolant and hydrocarbons.
